

Environmental report instructions

You will find the environmental report section in the customer portal navigation under "Raports and statistics". Choose "Environment".

Sivu 1/2

From this page, you can view and download reports on your company's CO2 emissions based on parcel travel distances and used vehicles. Data is available from July 1, 2021 to the present day.

The report shows information about services MyPack Collect, MyPack Home, PostNord Parcel, PostNord Pallet and Groupage. The report is available for domestic transport in Finland.

[Publiceringsdatum]
Sivu 2/2

Click the "Date range" button to select the desired date range for that report.

Date Range

09 Apr - 09 May 2022
