postnord

Logging in to the customer portal

1. Go to portal.postnord.com.
2. Log in with your e-mail address and the password you created.
3. If you have forgotten your password, click on *"Forgot your password?"* to reset it.
4. If you do not have a username for the customer portal, you can create one by clicking the *"Create user account"* button at portal.postnord.com. If you are a PostNord contract customer, you can select *"I already have a contract with PostNord and I would like to gain access to the portal."*

Business
Full-featured & flexible

Send out parcels and pallets to customers in Finland and Europe. As our customer you get an access to the PostNord Portal Business where you can view an overview of your shipments and will be able to manage your logistics flow.
